COURSEWORK

UNDERGRADUATE

Object Oriented Programming

Data Structures in Java

R-DBMS

WEB Development

Computer Networking

SKILLS

PROGRAMMING

Technologies:

- Java
- HTML • CSS • JavaScript
- SQL

Frameworks/Libraries:

- ReactJS
- JDBC • Hibernate
- Spring • Spring Boot

Tools:

- Mysql • VS Code • Windows
- XAMPP • Github

OTHERS / HOBBIES

- Web Designing
- Presentation
- Creating Interactive PPT's.
- Problem Solving

PROFESSIONAL SUMMARY

Highly skilled Computer Science Engineering graduate with expertise in Java Full Stack Development. Proven proficiency in web development through hands-on projects.

PROJECTS

TUNEHUB | JAVA FULL STACK PROJECT | HTML, CSS, JAVASCRIPT, REACTJS | SQL | SPRINGBOOT, JAVA

- **Platform Architecture:** Orchestrated the conception and construction of Tunehub, a robust music streaming platform, adhering to the MVC (Model-View-Controller) architecture for efficient and modular code organization.
- **Administrator Empowerment:** Facilitated administrators with an intuitive interface for effortless song management, allowing seamless addition or removal of songs.
- **User Subscription Model:** Introduced a subscription-based model, providing users with exclusive access to a diverse library of songs, enhancing the platform's appeal and revenue model.

EASYNBA | WEB BASED PROJECT | HTML, CSS, JAVASCRIPT | SQL | PHP

- **Tailored Efficiency for GM Institute of Technology:** EasyNBA streamlines GM Institute of Technology's tasks, automating student record-keeping and performance tracking..
- **Precision through Automation:** EasyNBA's automation ensures error-free data handling, fitting well with NBA-affiliated engineering colleges like GM Institute of Technology.

INTERNSHIP

KODNEST | INTERN | JAVA FULL STACK DEVELOPMENT

July 2023 - Jan 2024 | Bengaluru

- Completed a 6-month internship at Kodnest Training Center in **Java Full Stack Development**.
- Acquired skills in **front-end technologies**, including HTML, CSS, JavaScript and React.js. Proficient in **Java as a backend language**.
- Experienced in using **SQL** as a Database Language and Utilized **MySQL** as a Database Management System (DBMS).
- Familiar with Java frameworks, such as **Hibernate, Spring, and Spring Boot**.

ACHIEVEMENTS

- Honored with the distinguished team award for **Best Project Implementation of the year 2022-2023**, a testament to our exceptional achievement.
- Successfully certified by **NPTEL** after completing the **Database Management System** course conducted by IIT Kharagpur.
- Recognized with a **Silver Badge Certificate from NPTEL** for successfully completing **The Joy of Computing with Python** course conducted by IIT Madras.
